Season of Preference for 2009/2010 (mark choices 1 desirable to 5 least desirable)

Preparation Salmon Eagle Birth Growth Anytime
 (Sept. /Oct.) (Nov. / Dec.) (Jan./Feb.) (Mar./ Apr.) (May/June) (Sept-June)

Program Preference for 2009/2010 (mark choices 1 desirable to 3 least desirable)

Program costs per student are:

3 days (\$196) 4 day (\$263) 5 day(\$300)

NVOS Special Comments:

2009/2010 costs cover student room, board, counselling staff, field study program, rec program, first aid and visiting staff room and board. Average group size for environmental field studies is 95 students, this is the most efficient use of the overall facility. Group sizes less than this share their booking with another school. Maximum accommodation in NVOS cabins is 110 students. NVOS is able to develop multi-grade and multiple schools programs, so schools should consider this as an option.
