

Invitation to participate in:
"Budget Challenge 2010"
-public meetings to protect quality education-

The School District needs an additional \$10 million over the next three years to maintain programs, supports and services to students. Our objective is to develop a plan that optimizes the delivery of mandated services and promotes the programs and services that contribute to the vision of the North Vancouver School District as "the natural place to learn".

Involving the community in discussions of potential solutions to address financial challenges is a priority of the North Vancouver Board of Education. This series of meetings will:

- help raise awareness of current challenges
- ensure the public has an active voice in identifying solutions and alternatives

To learn more, and to participate, you are welcome to attend one or both of these upcoming Budget Challenge 2010 public meetings:

7 p.m. November 18, 2009: Sutherland Secondary, 1860 Sutherland Avenue
The World Café: "How do we define student achievement and how much program diversity can we afford?"

7 p.m. December 1, 2009: Leo Marshall Curriculum Centre, 810 West 21st St.
Reviewing the service delivery options and arriving at recommendations.
